**Howse Williams Bowers is an independent Hong Kong law firm which combines the in-depth experience of its lawyers with a creative, forward-thinking approach.**

---

## **About Us**

Our key practice areas are corporate/commercial and corporate finance; commercial and maritime dispute resolution; clinical negligence and healthcare; insurance, personal injury, and professional indemnity insurance; employment; family and matrimonial; property and building management; banking; fraud; financial services/corporate regulatory and compliance.

As an independent law firm we are able to minimise legal and commercial conflicts of interest and act for clients in every industry sector. The partners have spent the majority of their careers in Hong Kong and have a detailed understanding of international business and business in Asia.

The HWB partners and their teams have an excellent reputation for delivering high quality legal advice with a practical and commercial approach to solving legal issues in line with clients' commercial objectives.

## Our Clinical Negligence and Healthcare Practice

The medico-legal team advises doctors, dentists, nurses, midwives, physiotherapists, pharmacists, chiropractors, osteopaths and their indemnity providers and other healthcare professionals. The partners also advise private hospitals, medical group practices, corporate healthcare providers and pharmaceutical companies on issues relating to the import and distribution of drugs and pharmaceutical products, drug liability claims and other regulatory matters.

Our team of over ten lawyers, four of whom are partners, is led by the firm's senior partner, Chris Howse. Chris has over 25 years of experience assisting healthcare professionals in Hong Kong. Our team has unrivalled expertise and is widely respected as being a leader in medico-legal and pharmaceutical markets in Hong Kong. Two of our partners are dual-qualified as lawyers and medical practitioners.

## Our Approach

At HWB we defend healthcare professionals and institutions on a broad range of clinical negligence and healthcare related matters. We provide timely advice, as soon as clinical incidents occur, often outside office hours.

We are mindful that the cases we handle are often very sensitive and professional reputations are at stake. We provide practical solutions to resolve problems and protect our clients' interests. We diligently investigate and obtain early expert assistance where required.

We also have expertise to advise on the professional and legal obligations when setting up a medical practice (whether as a sole practitioner, limited company, or a partnership or group practice). These issues concerning the business aspects of medical practice include compliance with Medical Council provisions including those governing practice promotion and the announcement of commencement of practice; potential liability issues of the doctor/owner, or the partners or the company; obtaining professional indemnity insurance cover for the medical and nursing staff; fulfilling the requirements for making contributions to the Mandatory Provident Fund; and also obtaining insurance cover for potential liabilities under the Employee Compensation Ordinance and for public liability.

## Healthcare Expertise

We advise on a broad range of medico-legal matters including:-

- Clinical negligence claims against doctors, dentists and private hospitals including high value obstetric cases, brain damage cases and fatality claims. We secure early discontinuance of frivolous claims. We represent clients in the District Court, High Court, Court of Appeal and Court of Final Appeal.
- Department of Health investigations, particularly sentinel event investigations arising from adverse incidents. We assist the doctor and sometimes the

hospital prior to any interview. This includes the preparation of medical reports and meeting with various staff members.

- Medical Council and Dental Council matters. We have an impressive track record of disposing of cases at the Preliminary Investigation Committee. If a case is referred to the inquiry stage we represent the doctor ourselves at the inquiry (as opposed to routinely instructing barristers).
- Education and Accreditation Committee issues such as restriction or withdrawal of the specialist registration for doctors.
- Coroner's inquests arising from patient deaths. We usually undertake our own advocacy at the inquests and we are well known to the coroners.
- Criminal investigations and proceedings such as manslaughter, indecent assault and fraud – we attend police interviews, ICAC interviews and assist with cautioned statements.
- Dangerous drug prosecutions and Magistrate Court hearings.
- Mental Health Tribunal work. Dr David Kan has served as a member of the Guardianship Board and has expertise in handling Guardianship Board matters and applications under the Mental Health Ordinance.
- Judicial Reviews.
- Mediation – two of our team's lawyers are accredited mediators and are called on to mediate clinical disputes. Where appropriate, our team use mediation to resolve claims for negligence.
- General legal and ethical advisory work on a wide range of matters such as confidentiality, informed consent, data protection legislation, practice promotion and advertising.
- Legal ramifications of reproductive technology treatment, particularly sex selection and surrogacy.
- Drafting risk assessment policies within clinics and hospitals on high risk areas of clinical management.
- Defamation and libel proceedings in the medical field.

## Pharmaceutical Expertise

We advise biotech and pharmaceutical companies, and other organisations, on a variety of matters including:-

- Product liability claims for defective medical and pharmaceutical products including consequential economic loss.
- Advising pharmaceutical companies on clinical trials (particularly with adverse events/patient harm)
- Assisting with the complex regulatory framework for registering, importing and selling drugs
- Drafting distribution agreements with various parties such as importers and distributors.
- Contractual claims for breach of warranty and civil claims for compensation
- Representing pharmaceutical companies in the Courts for breach of strict liability offences concerning the supply of pharmaceutical products.
- Intellectual Property matters are advised on by our specialist IP team.

## Medico-legal Employment

Our healthcare team works closely with HWB's specialist employment team to advise on sensitive areas such as:-

- Staff grievance investigations and hearings within the clinical environment.
- Appeals of healthcare workers facing disciplinary sanctions such as warnings, suspension, stoppage of increment and removals.
- Other employment related matters such as unfavourable and prejudicial references and revocation of admission privileges.
- Media guidance including press releases, following high profile staff disputes/incidents where patients have been harmed.
- Advice upon staff recruitment, contract terms, transfers, remuneration, terminations, redundancies, minimum wage, discrimination and other general employment issues applicable to the healthcare industry.

## Regulatory Advice

We have provided medicolegal regulatory advice to a wide range of individuals and entities on issues including:

- The categorisation of medical devices and drafting of distribution agreements for medical device manufacturers.
- Advising how the Hong Kong statutory pharmaceuticals regime affects veterinary surgeons and veterinary product importers / distributors.
- Drafting end-user and physician-user agreements for healthcare apps.
- Advising medical start-ups on regulatory, employment, property and corporate structuring issues.
- Packaging requirements for pharmaceutical / cosmeceutical products.
- Advising healthcare companies on relationships with medical and dental professionals.
- Guiding medical device companies and healthcare companies on legal issues affecting proposed marketing initiatives.

Chris Howse was admitted as a solicitor in Hong Kong in 1981 after being seconded by the London office of a city law firm, Richards Butler, to build up its Hong Kong office. He was the Senior Partner and Managing Partner of the Hong Kong office of Richards Butler until December 2011. Following the takeover of Richards Butler Hong Kong by an American law firm he set up Howse Williams Bowers on 1 January 2012 with a large number of partners and solicitors from the Hong Kong office of Richards Butler. The firm is now one of the largest independent law firms in Hong Kong.

Chris Howse is the head of the medico-legal team. He started to undertake medico-legal work in 1985. He has been providing professional advice and assistance to doctors, dentists and other healthcare professionals and to the private hospitals of Hong Kong on a wide range of medico-legal issues for over 30 years. His firm have been panel lawyers for the Medical Protection Society and Dental Protection Ltd. since the mid-1980s.

The medico-legal areas on which Chris Howse provides advice and assistance include:

- (1) Civil claims being pursued against doctors and dentists in the Hong Kong courts.
- (2) Defending doctors and dentists before the Medical Council and Dental Council.
- (3) Representing doctors and dentists at inquests.
- (4) General advice and assistance on a wide range of medico-legal topics arising from the everyday practice of doctors, dentists and other healthcare professionals.
- (5) Department of Health investigations.
- (6) Advice concerning pharmaceutical companies, clinical trials and the import and export of medicines and other medical products into and out of Hong Kong.
